VIDEO NOW!

AUTO PRE-CATCH

Automatically preloads sheep into the machine, which dramatically increases flow rates.

AUTO CATCHING

Automatically catches and clamps the sheep quickly for weighing accuracy. The catch position is also fully adjustable.

AUTO DRAFTING

Using a weigh indicator, the handler can draft up to 5 ways with a supported weigh scale indicator. The handler comes standard with 3 way drafting.

TILT TABLE

After sheep are caught, they can be tilted over at the press of a button on the control panel or via the wireless foot pedal.

TAIL ACCESS

A tail flap opens up for crutching and rear hoof access. When releasing the animal, it doubles as an anti-backing flap.

HEAD ACCESS

After the sheep are tilted over, the head flap opens up for wiggling, needling, mouthing, tagging and for access to the front feet.

CLIPLEX[®] SHEEP DRAFTER

6 IN 1 AUTO DRAFTER

2

- AFFORDABLE WORKHORSE
- IMPROVE YOUR FLOCK DATA
- EASY ACCURATE WEIGHT GAIN MAPPING

6 IN 1 AUTO SHEEP DRAFTER

MANUAL JACKS

INCLUDES LOADBARS

PNEUMATICALLY OPERATED

INCLUDED 3 WAY DRAFT

STATIONARY CATCH PLATFORM

STRAIGHT LEAD UP RACE

AFFORDABLE EFFICIENCY DESIGNED TO OUTPERFORM

The **Clipex® 6 in 1 Auto Sheep Drafter**, our innovative super fast auto drafter, performs the most critical tasks reliably with easy and efficiency. The Auto Sheep Drafter is built to last with high quality, fully serviceable components.

1

WEIGH

Catch & hold ensuring accurate weights.

2

AUTO DRAFT

Auto draft up 800 sheep per hour.

3

DRENCH

Drench up to 400 sheep per hour.

4

NEEDLE

Fully restrained, easy access needling.

5

MOUTH

Open front access for easy mouthing.

6

DAG

Standup rear access.

FITS MOST YARDS

The Clipex Drafter suits most yard designs, simply put the drafter in place, and start drafting!

AUTO CATCHING

Automatically catches and clamps the sheep quickly for weighing accuracy. The catch position is also fully adjustable.

AUTO DRAFTING

Using a weigh indicator, the handler can draft up to 5 ways with a supported weigh scale indicator. The handler comes standard with 3 way drafting.

MAXIMUM FLOW

Using our Backing Flap and Entry Gate system, sheep flow through effortlessly without weight errors or double catches.

- COLLECT WEIGHT & SEX DATA
- MORE EFFECTIVE FLOCK MAINTENANCE

LAMB BOX WEIGHING CRATE

- ELECTRONIC FOOT PEDAL
- FOOT PEDAL RELEASE
- INCLUDES LOADBARS
- DESIGNED FOR AUTO EID

PATENT PENDING
AUSSIE DESIGN

INCLUDED FOOT PEDAL

INCLUDED WEIGH BARS

OPTIONAL SEXING PEDAL

AFFORDABLE EFFICIENCY DESIGNED TO OUTPERFORM

We are proud to introduce the latest product to the Sheep Handler family, the **Clipex® Lamb Box**. Designed to record lamb data at never before seen efficiency. The lamb box uses the latest engineering and electronic technology to make hands free lamb handling incredibly easy.

1 ADJUSTABLE CRADLE DROP
Drop in from cradle with adjustable catch area.

2 EID COLLECTION
Requires 3rd party system.

3 RECORD WEIGHT
With optional weigh bars.

4 STAINLESS CONSTRUCTION
High performance stainless steel.

5 PORTABLE
Fully kitted, weighing less than 80kg's.

6 POWERED BY 12V
Fully powered by a 12v Battery.

WORKS WITH MOST CRADLES

The Clipex® Lamb Box works with most lamb cradles.

CRADLE DROP CATCH

Automatically holds and collects data instantly. Using the supplied foot pedal you can release the catch wall hands free.

ADJUSTABLE 12V MOTOR

Operated from a 12V battery and fully adjustable, the Clipex® Lamb Box can be operated anywhere and suit any size lamb.

STAINLESS + NYLON

Built from high grade stainless steel and high quality nylon on all wearing parts, enabling durability and strength where you need it.

COLLECTING DATA EARLY

Collecting data as soon as possible enables you to track and maintain your lambs performance from birth.

INCREASING PROFITS

Having available data such as weight gain as early as possible enables you to track and increase your profits from the start.

STAYING AHEAD OF THE CURVE

Future proofing your investments by enabling EID tags from birth will ensure future state laws will not affect you.

3RD PARTY SUPPORT

• Works with a variety of 3rd party systems

INNOVATIVE MACHINE CONTROL

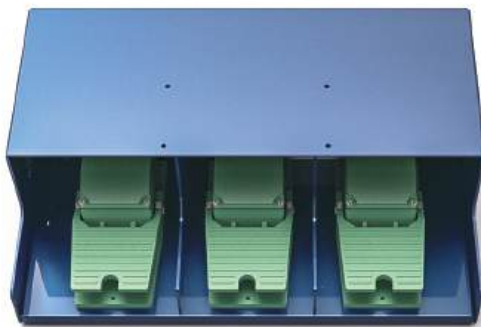

The Clipex® Sheep Handler and Sheep Drafter use the highest quality electronics to ensure the greatest reliability and service. Our main control boards are designed and manufactured in Australia by Starlogixs® in NSW.
